Working Group Culture, Science and Education of the Danube Region:

- 1. continues its efforts to cooperate with the Danube University Krems after many common events – especially conferences – like the one about the possibilities of the EU Strategy for the Danube Region.
- 2. will continue and intensify the improvement of the Danube Rectors' Conference and its Permanent Secretariat in Vienna – the Institute for the Danube Region and Central Europe in order to improve the education and research in the entire area and the invigoration of the scientific network in the Danube Region also in future times.

Working Group Culture, Science and Education of the Danube Region:

- 3. will continue the cultural and scientific events in the Danube Region and will tie all the member countries into such events. This happened for example through the touring exhibition „The Miracle World of the Art Nouveau – Architecture in the Danube Countries“. The Working Group should in future times support exhibitions of single member countries as it did – for example – with the exhibition „The Man. The River – Paintings of the Danube Countries“ which was initiated by the current Presidency the State of Baden-Württemberg.
- 4. thanks the State of Baden-Württemberg for the organising of the 3rd International Danube Conference on Culture in Timișoara and it asks these series of events to continue.
- 5. asks the region which will have the next Presidency this series of events to continue.

Working Group Culture, Science and Education of the Danube Region:

- 6. The Conference of Heads of Governments welcomes the cooperation with the Council of Danube Cities and Regions and wishes a close collaboration with the Working Community of the Danube Regions, especially in matters of culture and science.
