

RMIT SITUATE artist residency opportunity at RMIT University for visual artists.

AIR—ARTIST IN RESIDENCE Krems at the RMIT School of Art, Melbourne campus, for 2018

AIR Krems and the RMIT SITUATE (previously RMIT School of Art International Artist in Residence Program) have conducted an annual residency exchange since 2007.

The School of Art at RMIT offers studios for artists practicing in the fields of painting, drawing, sound, printmaking, new media (video, animation), photography, multi-disciplinary practices and object-based practices (ceramics, gold & silversmithing and sculpture). For specialist disciplines, University facilities will be made available to artists for the duration.

Applications are sought from Lower Austrian artists working in any of these fields.

The international exchanges cultivate a critical context for the development and presentation of contemporary art to a local, national and international audience. The residency project was formed to entice cross-cultural dialogue, and to enable arts practitioners to operate in a dynamic and global nature – a manner characterised by mobility, fluidity and interactivity. The Artist in Residence exchange forms a 'location' through which the relationship of economics, politics and cultural identity can be examined and interrogated.

Applications for the AIR KREMS / RMIT Residency Exchange

All applications must include the following:

- A project and exhibition rationale (English/German) of no more than 1,500 words. The rationale must include reference to a conceptual research focus of the project.
- Max: 10 images of recent work (AND/OR 5 minutes of compiled/excerpted sound or video) in any medium with an accompanying list of works listing title, medium, duration/dimensions and date.
- Recent biography in chart form

- Relevant support documentation (professionally scanned images of articles, reviews or exhibition catalogues)

NB: Applications with all of the above are to be presented as a pdf with a contents page, and listed sequentially in the above order. Sound or video works can be submitted alongside the pdf. The pdf size should not exceed 3 MB.

Provisions of the RMIT residency:

The residency includes the following:

- A studio located in the College Artist in Residence studio complex. All studios are modern and very private, positioned on campus and within the inner city. There are 3 studios in the Artist in Residence Studio complex is responsible for the management of the 2 larger studios. All studios have 24-hour access and are connected by a large shared kitchen.
- Private accommodation located close to the Artist in Residence studio complex and the University.
- Access to School facilities, equipment or studios (where applicable and in negotiation with the RMIT SITUATE Coordinator. NB: this residency is in a teaching institution and therefore student priorities, may at times, affect the availability of equipment.)
- An exhibition including advertising and installation support and an opening reception.
- A per diem of AUD \$350 per week. Airfares are not included.

In return each SITUATE resident is required to conduct up to 2 lectures to RMIT staff, students and the Melbourne community. Residents are also required to conduct up to 4 tutorials with 4 – 8 honours or postgraduate students.
