Lower Austrian Liaison Office in Brussels
Who we are

The Brussels Liaison Office of Lower Austria (NÖVBB) represents Lower Austria in Europe and connects the province of Lower Austria to the European Institutions.

Representation and visitor groups

The NÖVBB strives to convey the scope and purpose of the European Union to the public of Lower Austria:

• Representation of Lower Austria at events in Brussels
• Organization of events related to Lower Austria as well as reception of visitors groups from Lower Austria
• Organization of specialized EU-programs for groups of visitors from Lower Austria
What we do

The main task of the NÖVBB is to promote and represent Lower Austria's interests in the “decision-making processes” of the European Union – independently or in collaboration with the largest possible number of allied regions and partners.

The NÖVBB has the following central task: Relevant information should reach the Lower Austrians quickly and understandably, on the one hand, and the Office of Provincial Government of Lower Austria, on the other hand. As EU information is often available in large quantities as well as in foreign languages, the NÖVBB provides them promptly, processed and in German.

EU-Project Partner Search

A frequent requirement for EU funding is the cooperation of several EU member states. We, the team of the NÖVBB, are happy to help with questions concerning the EU as well as with partner search – as a result, project partners from EU member states can meet.
